

## Junior Class Takes Loss of \$83 on Prom

By FRED WERNER

President of the Junior Class, James A. Hickin, presented the financial report for the Junior Prom to the Senate last Monday night. The dance committee found it necessary to subtract \$83.00 from Junior class funds, leaving a total of \$550.

### Three Causes of Loss

Hickin attributed the loss to three causes: the change of location from the Statler to the Hartford Club, the liquor situation (a \$4.00 corkage fee and the great expense of ordered drinks) which might have had bearing on fraternity support, and a lack of publicity before and immediately after mid-years.

Expenses were far greater at the Hartford Club than last year. Senate treasurer Bob Sind (Off Campus Neutral) asked why \$450 was spent for Paul Landerman's band.

### Hickin Replies

Hickin replied: "In the first place, we didn't expect to make money on the dance. The prom committee decided to hire the best possible group, which we believe we did. We thought it would be more practical, since the price of a name band for the Senior Prom seems to be too great."

Several comments in the Senate indicated that for the past few weeks there has been an undercurrent of feeling towards the possible Senate supervision of financial matters for all college dances.

### Philosophy Club Approved

The constitution of the College Philosophy Club was submitted by Allyn Beardsell and unanimously approved by the Senate.

He told the Senate that the number of Philosophy majors has risen sharply in the past few years, and that already the Club has been invited to join the Connecticut Inter-Collegiate Philosophy organization. He expressed hopes that a Philosophy lecture might be added to next year's lecture series.

## Jesters Select Cast For April Production

The final cast of characters for the Jesters' spring production of *The Drunkard* have been announced by Dr. George Nichols.

Some eighty aspirants tried out for parts. Dr. Nichols stated that among those who were not accepted, many read well, and would be sought for barroom fights and wedding parties in the performance. Also the names of those to portray, A BOY, A BANK MESSENGER, TWO WATCHMEN, TWO POLICEMEN, and MEN have not yet been decided upon. Here, however, is a list of the characters and the actors thus far chosen:

Clay Stephens will play the part of Lawyer Cribbs, Paul Kennedy will appear as Edward Middleton, Bill Barnewall as William, Tim Ralston as Sam Evans, John Parnum as Old Johnson, Pete Fish as Farmer Gates, Frank Bulkely as Farmer Stevens, Ward Just as the Landlord, Bill Burroughs and Jack Shenkan as Loafers, Bill O'Hara as the Barkeeper, and John Brims as Mr. Rencelaw.

In the words of Dr. Nichols: "This should be one of the most delightful, zaniest productions we've done." The Jesters will present the play during the weekend of the Senior Ball, beginning on Wednesday evening, April 27, and ending Tuesday evening, May 3, with performances on Thursday, Saturday and Monday evenings.

## Alpha Chi Rho Retains Alumni Scholarship Cup

### Brownell Club Posts Highest College Mark

Statistics released by the Dean's Office last week revealed that Alpha Chi Rho retained the Hartford Alumni Scholarship Cup for the fourth straight semester with an average of 77.820. Pi Kappa Alpha and Delta Phi were close behind with 77.427 and 77.244, respectively. The Brownell Club had the highest average of any organization, 81.996.

The other fraternities followed in this order: Theta Xi, Psi Upsilon, Sigma Nu, Delta Kappa Epsilon, Delta Psi, and Alpha Delta Phi. The general fraternity average was nearly the same as last year's.

The entire college body of 897 men posted an average of 74.304, about .7 lower than 1953-'54. The senior class posted an average of 77.809, followed by the junior class with 77.019, the sophomore with 73.278, and the freshman with 70.050. The non-fraternity men and the upperclassmen both attained higher averages than their respective groups last year.

Fourteen freshmen and 101 upperclassmen, or 12.8% of the student body, made the Dean's list. Fifty-one freshmen and 31 upperclassmen were placed on probation, and nine students were required to withdraw.

David M. Geetter of Hartford gained the highest average for the past semester—95.8. Close behind him was Harold Katzman with 95.4. Both are members of the Brownell Club.

According to Mrs. Ruth Rogge, College Recorder, the present student body is composed of 659 resident students, 508 non-residents (of which 278 are graduate students), for a total of 1167.

## Jessee Will Coach Baseball in Germany

Coach Dan Jessee will fly to Germany next month for three weeks to conduct baseball coaching clinics for American troops stationed in Europe. It will be his third such trip for the armed forces in the past three years.

Mr. Jessee will make the trip at the invitation of the Special Services Division of the Army. He will leave Hartford March 14, flying the following day from National Airport, Washington, D. C., to Frankfurt, Germany. The baseball clinics will be conducted in Nuernberg, Vienna and Paris. He expects to return to Trinity by April 1 in time for the opening of the baseball season.

Head coach of football, baseball and squash here, Jessee has already logged over 65,000 air miles on missions for the armed services. During World War II he conducted clinics in the Pacific and also in Central and South America. Two summers ago the Army sent him to Newfoundland, Greenland and Labrador, and a year ago he made a similar trip to Europe. In his absence, Robert D. Slaughter of the physical education staff will be in charge of the baseball squad's early spring workouts.

### Selective Service

Applications for the Selective Service Examination, available in the Veterans Office in Williams Memorial, must be postmarked no later than midnight, Monday, March 7. The test will be administered on Thursday, April 21.

## Student Legislature Repeals "Blue Laws"

### Connecticut Schools Send 300 Delegates

BY PAUL TERRY

Three hundred students from colleges and universities all over the state arrived in Hartford last Thursday to attend the 1955 session of the Connecticut Inter-collegiate Student Legislature. Occupying several floors in the Bond Hotel, the delegations settled down for preliminary activities preceding the two-day session in the State Capitol building.

### Banquet Starts Session

John Morrison, '55, State Chairman of the organization, opened the session at a banquet in the ballroom of the Bond Hotel. After citing several officers of the CISL for their hard work and efficiency throughout the year, Morrison introduced the speaker of the evening, Dr. Karl Bosworth, professor of government at UConn, and the new Connecticut Secretary of Finance. Dr. Bosworth stressed the widespread need for young people in public service.

### Need for Young People Stressed

He stated that both political parties were eager to gain the assistance of young educated persons, and that they had even gone so far as to offer various services to the schools in an effort to develop efficient and eager government personnel.

Dr. Bosworth pointed out that many young people enter public service indirectly businesses and professions, which, he reported, are touching the government in an increasing number of areas.

### Government Needs Many People

He estimated the government could place five to ten times as many people as those who are presently interested. Smiling, he heartily urged that young people "... delve and participate in

## Tickets for IFC Ball To Go on Sale Soon

At the Interfraternity Council meeting last Monday night, final plans were made for the forthcoming IFC Ball to be held March 19th at the Wampanoag Country Club in West Hartford. IFC representative, Sandy McCully, announced that the tickets are being printed now and will go on sale to fraternity members sometime next week.

President Hank Schineburg designated representatives Mountford, Schader, and McCully to act on the Decorations Committee for the dance. As of now, no chaperones have been asked to supervise the event.

Schineburg also warned the Houses of the importance of observing the rules set forth in the College Handbook concerning the rushing of Freshmen.

### Sigma Pi Sigma

Contrary to the date given in last week's Tripod, Sigma Pi Sigma will hold their annual dinner and initiation tonight in Hamlin Dining Hall. The initiation will take place in the Chemistry Auditorium at 8 p.m. Ten undergraduates and five faculty members will be initiated. Dr. Maurice E. Strieby, Director of Technical Demonstrations for the Bell Telephone System will be the guest of honor. The lecture by Dr. Strieby is open to the public.

Part of the Trinity CISL delegation, with friends, in the lobby of the Bond Hotel. First row, left to right: Bud Sayre, Martin Stearns, Dyke Spear; second row: delegate from Conn College, Frank Kury, Tom Fenton, Lou Keddie of Conn College, Bert Schader, and unidentified delegate from Hillyer College.

## Arts, Science Men Urged to Apply for Fellowships Here

Applications for the H. E. Russell and Mary A. Terry Fellowships must be submitted to Dean Hughes by Monday, March 7. Applications are to be in the form of a letter and should include mention of the graduate or professional school to be attended by the applicant next year as well as the field of study in which the applicant will be registered. The fellowships are not open to students desiring entrance into professional schools. These two grants are for students anxious to do graduate work in the arts and sciences.

Applicants may apply for one or both of the available fellowships, although no student will receive more than one award. If a student applies for more than one of the fellowships, he should make clear the order of his preference.

THE H. E. RUSSELL FELLOWSHIP, endowed originally by a legacy from Henry E. Russell of New York, pays to the holders \$500 annually. It is awarded annually by the vote of the Faculty to a member of the grad-

(Continued on page 2)

## Pembroke Glee Club Sings Here Saturday

A concert combining the Trinity and Pembroke Glee Clubs will be held this Saturday in the Chemistry Auditorium at 8:15. The entire proceeds of the event will go to the Trinity Hartford Alumni Association Scholarship Fund.

The program will include Schubert's Mass in G and choruses from Handel's L'Allegro and Honegger's King David. The Pembroke Glee Club is under the direction of Millard S. Thomson. Clarence H. Barber directs the Trinity organization. Also featured on the program will be songs by the Trinity Pipes and the Pembroke PDQ's.

A buffet supper will be held in Haight Dining Hall (Ogilby) before the concert, and a reception for the Pembroke Glee Club, Trinity Alumni, and patrons in Cook lounge following the program.

Tickets for the concert may be purchased from Ron Kent, manager of the Glee Club.

## Library Announces College Book Contest

The second annual contest for the best personal book collections acquired by students in the college has been announced by the Trinity Library Associates. The 1955 contest is open to all undergraduates and three prizes of \$25, \$15, and \$10 are offered. In addition, there will be a trip to New York City for dinner and attendance at a Grolier Club meeting for the three winners.

In awarding the prizes neither the total number of books nor their money value is to be a determining factor. Modern textbooks are not to be eligible. Consideration will be given instead to discrimination and judgment in the selection of titles related to the student's interest. Fifteen to twenty books should be considered as an average-sized collection for the purposes of this contest.

Collections may be in a specific field, such as chemistry, botany, history or literature; they may pertain to some particular interest within one of these fields; or they may represent an intelligently chosen nucleus of a general library for the future. Emphasis is to be placed as much on the student's knowledge of the contents of his collection, and on its usefulness for the purpose for which it was collected as on the total number of books represented.

(Continued on page 6)

## College Plans Busy Schedule for March

A crowded program of campus entertainment is scheduled for the coming month, it was disclosed by the Public Relations Office recently. On the 13th, the Chapel Choir will join with the boy sopranos of St. John's Church Choir to give a concert in the Chapel at 5 p.m. On the 22nd Dr. Clarence Watters, professor of music, will give his annual performance of Marcel Dupre's "Stations of the Cross" in the Chapel at 8:15 p.m.

## LETTER TO THE EDITOR

To the Editor of the Tripod:

After reading the column entitled "Politicking the Nation" in last week's Tripod, I felt impelled to present an opposing viewpoint, however inadequate it may be.

First it is necessary to examine the existing federal tax structure in order to get an accurate picture of what the Reed-Dirkson amendment is trying to accomplish. The tax rate is progressive, starting at 20% on the first \$2,000 of taxable income, and increasing gradually to 92% on all income above \$200,000. Thus a person who makes \$300,000 does not pay 92% of his whole income, but rather only on the last \$100,000 that he makes.

Mr. Spear calls the notion that taxation should be according to ability to pay, "collectivistic theory." Yet the proposed amendment does nothing to alter the progressive nature of the present structure except to reduce the rates to ridiculously low levels. Apparently both the sponsors of the amendment and its hard-core backers have overlooked certain basic facts. These are:

(1) Our federal income tax is not solely a tax for revenue. The government has a large and rising national debt and unless we want to arrest this advance and eventually stop it entirely, we must be prepared to keep the government's income high enough not only to cover its expenditures but to perhaps provide for a surplus which could be used to reduce the debt.

(2) We are now experiencing a period of national emergency with the threat of the cold war breaking into a shooting war at any moment. It is a period in which our national defense must be kept at an extremely high peak, and tremendous government expenditures must be used toward this end. Is this the time to limit one of the government's principal sources of income? What if this amendment were passed and at some future time we did enter another "hot" period such as the Korean crisis of 1950-53 with the government requiring great sums of money to finance the war effort, would it be wise to be faced with the difficulty inherent in the passage or repeal of a constitutional amendment in order to aid the government's taxing power. Surely few would agree with the proponents' logic on that point.

(3) Mr. Spear, refers to our present set-up as a "socialistic, communistic concept of individual economic stagnation," and yet since the New-Fair Deal period began in 1933 the following facts must not be overlooked: With all due adjustments for price level changes, the figures of gross national product, net national product, national income, and personal income have risen roughly 160%. Even more important than these figures is the one which shows that per capita real income has risen over 250% since 1933. Wages, salaries, and corporate profits are at new all-time high levels. Over 60 million Americans are gainfully employed. Tremendous strides in technological advance have been made. Most important, the U. S. is the richest, most prosperous nation in the world. These facts certainly do not support the individual economic stagnation theory that the columnist refers to.

Although a great deal more could easily be said on the subject, I think it sufficient to examine briefly the backers of the proposed amendment. Chauncey W. Reed, and Everett Dirksen, both of Illinois, represent the extreme right wing of "Old Guardism" that exists in this country. They most likely will rally in support of this measure other reactionary elements found in the right wing of their party such as Senators Welker, Jenner, Bricker, McCarthy, Martin, and several staunch conservatives to be found in the house. The amendment further has the support of the American Legion and the National Association of Manufacturers, two organizations whose political hue and viewpoint are well-known to all.

It must be a great relief to all sensible citizens to think that this previously-mentioned element numbers only a small minority in Congress. Personally, I will be greatly surprised if the bill gets out of committee.

Bertram R. Schader, '56

Maybe he's the life of the party, but he's still not my idea of a blind date.

## With Malice Towards Some

BY SMY LEE

We attended the annual YWCA sports dinner at the Statler last night. Yes sir, ho-ho, we sure did, heh-heh Willie Pep. Gert Ederle gave the after dinner speech. I must say that I expected something definitive from her on the boxing situation in the Foot Guard Hall.

Willie Pep

Yes sir, ho-ho, we sure did, heh-heh—Willie Pep. The scene of many an immortal contest between Bat Battalino, Kid Kaplan and Willie Pep, and all the others who probably are in the boxing game.

Willie Pep

Gert assured us of the wonderful work the "Y" is doing and we sure do think the work the "Y" is doing is wonderful. Reminds me of the following Bat Battalino, Kid Kaplan and Willie Pep used to have their restaurants. Yes sir, ho-ho, it sure does, heh-heh Willie Pep.

Pep

Actually, you may all wonder what this is all about, but there isn't much to worry about, because I am being paid O.K. and just because there isn't much happening here in Connecticut in the sports world doesn't mean that there won't be someday. As Bat Battalino, Kid Kaplan and Willie Pep used to say, "There's no use not trying." Exactly what they said heh-heh, ho-ho Willie Pep.

Willie

So if everybody will give everybody a big hand and back sports in Hartford, I will keep my job and perhaps Connecticut will get back to the days of Bat Battalino, Kid Kaplan and Willie Pep. Yes, indeed, Bat Battalino, Kid Kaplan and Willie Pep. May I repeat, Bat Battalino, Kid Kaplan and Willie Pep.

Members of both the Newington Home for Crippled Children and Alpha Chi Rho watch intently the course of the varsity basketball game against Providence last Thursday night. Although the home team lost, dismay soon disappeared at the fraternity house following the game where the kids were treated to ice cream, cookies, and the singing of the Pipes. This is the second year the children have been invited to a game by AXP, and will continue to come along with other groups under the plan adopted by the IFC.

## FELLOWSHIPS . . .

(Continued from page 1)

uating class who gives evidence of superior ability and who engages to pursue an approved course of non-professional graduate study at Trinity or at some American or foreign university approved by the Faculty. The incumbent holds the Fellowship for two years.

THE MARY A. TERRY FELLOWSHIP, endowed by a legacy from

Miss Mary A. Terry of Hartford, yields an annual income of about \$1,000. It is awarded annually by the President upon the recommendation of the Faculty to a member of the graduating class who gives evidence of superior ability and who engages to pursue an approved course of graduate study in the arts and sciences at Trinity or at some other college or university approved by the faculty. The incumbent holds the Fellowship for one year.

## THE FETID AIR

BY OMAR ECKFORD

Last week we found a packet of yellow, rather worn out publications (we are NOT referring to the Tripod this time) and as we are sometimes wont to do, began reading. There was one which particularly interested us and that was

a reproduction of the first newspaper to be published in America. It was called "Publick OCCURRENCES Both Forreign and Domestick," and it was printed in Boston on "Thurfday Sept. 25th. 1690," by Benjamin Harris.

The paper was suppressed by the British Governor of Massachusetts, Isaac Addington, since though it contained "Reflections of a very high nature," it also contained, "... sundry doubtful and uncertain reports."

Now we must admit that after having read one such old paper, one very often loses anything but historical interest. But this particular one we found quite interesting in a morbid, not to say literary fashion. With the permission of Mr. Harris we would like to quote this particular sad tale:

"While the barbarous Indians were lurking about Chelmsford, there were missing about the beginning of this month a couple of Children belonging to a man of that I own, one of them aged about eleven, the other aged about nine years, both of them supposed to fallen into the hands of the Indians."

We assume this to be one of the objectionable "sundry doubtful reports" but one can't be sure. Perhaps this was more objectionable:

"A very Tragical Accident happened at Water-Town, the beginning of this month, an Old man, that was of somewhat Silent and Morose Temper, but one that had long enjoyed the reputation of a Sober and a Mild Man, having recently buried his Wife, The Devil took advantage of the Melancholy which he thereupon fell into, his Wives discretion and industry had long been the support of his family, and he seemed harried with the impertinent fear that he should now come to want before he dyed, though he had very careful friends to look after him who kept a strict eye upon him, least he should do himself any harm. But one evening escaping from them into the Cow-house, they there found him hanging by a Rope, which they had used to tie their Calves withal, he was dead with his feet near touching the Ground."

Now our opinion has come along a little too late to save Mr. Harris' publication, but we feel there is a certain amount of heartfelt emotion in this story, certainly no worse than today's tabloids. And speaking of tabloid subjects, here is the shocker which probably threw OCCURRENCES out of print:

"The King of France is in much trouble (and fear not only with us but also with his Son who has revolted against him lately, and has great reason) if reports be true, that the Father used to lie with the Sons Wife. He has got all the Huguenots, and all the dissatisfied Papists, with the great force of the D. of Lorraine, and are now against him, resolving to repose him of his life and Kingdom."

# Annual Alumni Fund Nets \$52,000; Goal, \$65,000

## Parents Set Record With \$22,000 Gift

With nearly \$52,000 already raised for the annual Alumni Fund Drive, committee officials recently opened the general gifts phase in attempt to raise the remaining twenty percent of the drive's \$65,000 goal.

In addition, it was announced that the Parents Fund, with a separate \$20,000 goal, was already more than \$2,000 over the top for a record contribution from parents of Trinity students.

**\$49,241 Raised**

At the annual Class Agents dinner Charles T. Kingston, Jr., Class of 1934, Vice Chairman of the Alumni Fund Special Gifts reported that his section has already raised \$49,241 of its \$51,000 quota.

**377 Parents Contribute**

Samuel F. Ninness, President of the Leaman Transportation Company of Philadelphia, Chairman of the Parents Fund, reported that 377 parents have already given \$22,692. Last year 242 parents contributed \$12,500.

Sydney D. Pinney, Chairman of the Alumni Committee on Endowment, reported that since Feb. 1 the College has been notified by 27 alumni that they had made Trinity a beneficiary of their estates.

**Barclay Shaw Opens Drive**

Barclay Shaw, '35, Vice Chairman of the Class Agents Section of the Alumni Fund, opened the general phase of the drive. He told some 50 class agents that "The hardest 20 percent of the total alumni goal rests in our hands. We must raise \$15,000 and secure 1,700 additional gifts." The Fund this year is seeking a 33 percent increase in contributors.

Melvin W. Title, '18, Chairman of the Alumni Fund and toastmaster of the dinner, urged an all-out effort to reach the record alumni fund goal of \$65,000 for faculty salaries and scholarships.

John Morrison opening the 1955 session of the CISL at a Banquet in the ballroom of the Bond Hotel Thursday night.

**STUDENT LEGISLATION . . .**  
(Continued from page 1)

politics before taking the veil of non-partisanship in a position of public affairs."

**Caucuses Held**

After the banquet, the delegations retired to several rooms in the hotel to hold caucuses. Candidates for the various elected positions in the CISL banded together with their adherents to plan campaign strategy for the next day.

The more serious work of the CISL got under way at 10 a.m. in the House of the State Capitol.

**Sunday Blue Laws Repealed**

Highlighting the debate Saturday morning was a rousing vote to repeal Connecticut's "... outdated and outmoded" Sunday Blue Laws.

In the House of Representatives, the student legislators readily took sides on the controversial issue. Opening the debate, Stanley Bethan of Wesleyan threw his lot in with the anti-Blue Law forces by stating that he was "... from that part of the country where men are men and do all kinds of things on Sunday." He comes from Seattle, Washington.

**Trin Man Defends Blue Laws**

Rising in defence of the Blue Laws, Franklyn Kury of Trinity said that

# New Education Club Plans Student Debate

The newly rejuvenated Education Club met for the first time in Boardman Hall on February 15. In an attempt to revitalize the club as well as incite student interest in the educational field, the members drew up a schedule for the present semester.

Scheduled for March 17, "The Role of TV and Radio in Educational Use" will be opened to student debate. Under the leadership of President Leander Smith and Secretary Hal Burdon, the Club has engaged such speakers as Representative George Holt of Newington, Senator Stock of Bridgeport and Joseph Nerdon, Consultant of Vocational Education. Using as a springboard the bills presently before the State Legislature dealing with this subject the program will begin with each of the speakers talking for eight minutes. Immediately following this will be a short speaker rebuttal, after which the problem will be open to discussion from the floor.

Invitations have been extended to all Connecticut Colleges and Universities in hopes of having a large and varied delegation at the conference. The meeting, held in the library conference room, is open to the campus. The problem has significant effect on future engineers, and production managers as well as the teaching profession.

"Sunday should be kept as the one day of holiness in the week, and that even in law it should be considered and respected as such."

Another Blue Law antagonist, D. Park Teter of Yale, said, "... Sunday is being abused even now, and that it should be left to the individual as to how he observes it."

Because of a legislative deadline, the debate was cut short by Speaker of the House Frederick Goldstein of Yale University. The bill was put to vote and was passed by a decisive majority.

In both the Senate and the House a total of thirty-five bills were proposed. Debate on these measures ran smoothly throughout the sessions.

One of Ireland's outstanding men in the field of letters, short-story writer Frank O'Connor, will speak tomorrow night at 8:15 in the Chemistry auditorium. Although noted principally for short stories such as "Guests of the Nation" and others that have made him famous, he is also an able poet, novelist, and translator.

Presently engaged in a critical study of the modern novel, he has chosen this form of writing as his topic for tomorrow night. A protege of William Butler Yeats, Mr. O'Connor formerly was manager of Dublin's Abbey Theatre, center of the Irish literary revival. As a short story writer, his work has been compared to James Joyce's "Dubliners."

He has published several other collections of his stories as well as several novels, including "Dutch Interior" and "The Saint and Mary Kate." He is also the author of "The Big Fellow," a biography of Irish patriot Michael Collins, and translations from Gaelic poetry. He is a frequent contributor to the New Yorker, Harpers, and other magazines.

# Flying Club Members Have Initial Meeting

Twenty-one students attended the initial meeting of the Flying Club on Monday night. Captain Foster led the group in a discussion of projected goal and financing possibilities. As most of the group either has, or is interested in securing, their pilots' licenses, a committee was appointed to investigate the possibility of renting a plane for weekend flying and instruction at group rates. A letter was sent to the Association of Northeastern Flying Clubs inquiring into membership and individual club organization. The group decided to meet every Monday evening at 7:00 in the R.O.T.C. offices, and to elect officers at the next meeting.

When the stag-line wolves rush your delectable date...

But you're the guy she steps out to have a cigarette with...

M-m-man, that's PURE PLEASURE!

For more pure pleasure... **SMOKE CAMELS!**

**No other cigarette is so rich-tasting, yet so mild!**

P.S. No other brand has ever been able to match the pure pleasure in Camel's exclusive blend of costly tobaccos! That's why Camels are America's most popular cigarette!

R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

# Providence Offsets Roberts' Brilliant Exhibition; Coast Guard Repeats 80-69 in Sloppy Ball Game

## Bantam Captain Excels with Defensive Play Plus 24 Points

By PHIL TRUITT

With but three games remaining in the thus far woeful basketball season, Coach Ray Oosting's Bantam quintet took on Providence College here last Thursday. Superior height on the part of the Friars paid off in an 82-76 victory, but Captain Dave Roberts put on a one man show of scoring and hustle that gave Trinity fans more than their share to cheer about. It was the seventh win against eleven losses for Providence.

### Roberts Ignites Fuse

On the opening tip Barton stole the ball and fed to Roberts who twined a pretty jump shot from the foul line. The Friars ripped off seven straight points before the spunky Roberts broke free and slipped in a layup. Scotty Price then drove off a Preissner pick for a deuce and after Kerr and Godfrey swapped tap-ins, it was Roberts again who came through. This time the bespectacled guard came up with a steal and feed to Barton that resulted in another Bantam basket and gave Trinity a 10-9 lead.

Price added two fouls, but Mickey Pascale of the visitors hit with two hard driving underhand beauties and Grady's backhand spin shot gave the Friars a three point spread. The visitors opened it up to 29-21, but Roberts broke loose and pushed home his jump shot and Price followed with two fouls. Play evened off here and a late spurt gave the Blue and White Friars a 35-32 halftime lead.

### Roberts Stands Alone

Providence quickly swept to a 41-34 lead and then Roberts put on an exhibition that ended with the visitors calling for time to catch their breath. It began with the diminutive guard jumping in a deuce and then coming back to drive in for another leaving three Friars in his wake, their mouths agape with disbelief. Still not satisfied, Roberts electrified the crowd with a long looping one-hander and the lead was cut to one. Price's rebound follow was sandwiched between two Friar layups and then Roberts nailed a jump shot from thirty feet out. Barton took a pass from Roberts and hooked home a honey for a three point lead.

The Friars fought back into the lead at 58-52 mainly on the strength of Pascale and Ritch clearing both boards freely. Roberts stole the ball some five times in an interim of two minutes to keep his mates close, but the die was cast. Salamon's two fouls cut it to five and then it was Roberts who maneuvered for several seconds before easing in another jump shot. The Blue and White then whipped through the tiring Bantams with Tedesco pacing the attack and the score rose to 77-65 with under five minutes remaining.

The visitors emptied their bench at this point and the Blue and Gold crept up close, but the buzzer ended their futile efforts with the scoreboard reading 82-76 for Providence.

Scotty Price shown unleashing a two-pointer against Providence as Dave Roberts and Jack Preissner look on.

## Nichols Jr. Rally Clips Frosh Quintet; McGowan Tallies 42 in 86-80 Defeat

Jack McGowan's 42 points were not enough to stop the Green and Black of Nichols Jr. College as they defeated the baby Bantams 86-80 last Thursday.

McGowan opened the game with two quick jump shots and Trinity was off to an early lead. The pace slackened considerably, and at the ten minute mark Bob Condon of Nichols tied the score at 17-17 with a good driving lay-up. The rest of the first half was fairly even with Dick Noble and McGowan pouring in most of the Blue and Gold tallies. At the half the score read 39-37, Trinity.

The pace quickened after the half and after five minutes, the score was 49-48 as Dyer sank two long jump shots. McGowan and Polstein tried to stave off the strong Nichols drive, but the Green and Black were not to be denied. Once Nichols was out in front they never relinquished the lead as they played good control ball and were strong off the boards.

## Facts and Figures Explain Worst Hoop Year Since '46

It is interesting to note some of the facts and figures on the basketball season that have just been released.

This is the first losing season since 1946; Trinity has scored 347 field goals to 340 for opponents; Foul percentage is even; and Dave Roberts trails Jack Barton by 15 entering the Wes game in the race for individual high scorer.

## Powerful Williston Natators Favored To Repeat in Prep Meet Here March 5

### Hotchkiss, Deerfield Pose Chief Threats

Some of the top schoolboy swimmers in the East will compete again this year in the annual Preparatory School Swimming Championships sponsored by Trinity College on March 5 at 2 p.m. in Trinity's Trowbridge Pool.

Many prep school association record holders will be among the 150 swimmers representing eight New England and New York schools. Williston Academy, of Easthampton, Mass., winner for the past two years, is expected to meet strong competition from Hotchkiss School, Lakeville, Conn., and Deerfield Academy, Deerfield, Mass.

Williston, which has rolled over all comers this season including the Trinity and Amherst freshmen, will be led again this year by ace sprinter Harlow "Chip" Ide, Jr. of Longmeadow, Mass. Last year Ide won the 50 and swam anchor on the 200-yard relay which set a new meet record. He and his teammates have combined this year to set new national scholastic records in the 300 and 150 medleys and the 400 freestyle for both 20- and 25-yard pools.

The Williston team also includes George Black who finished second in the 200-yard freestyle last year; sprinter Carl Wolley and breaststroker Curtis Wright with Ide, members

of the medley team, and the freestyle team of Wolley, Davis Tuggle, Foster de Jesus and Ide.

## Blue and Gold Drop Eleventh

Coast Guard put the finishing touch on the Bantams' home season with an 80-69 victory last Saturday.

The hosts were never out of the running until the final minutes of the game, but only once were they able to get the lead. Scoring first, the Cadets led until Jack Preissner and Scotty Price hit successively for a 9-8 Trinity edge. However, Ernie Allen, who topped both teams with 22 points, hit a pair of free throws and a basket, then added two more charity tosses soon after to give Coast Guard a 19-9 lead.

Dave Roberts, who ended up with 20 points, and Nick Vincent supplied the drive as the Hilltoppers came back. Preissner's bucket tied it at 33-33 with about three minutes left in the half. Larry Kindbom and Dick Salamon traded baskets. Otis Foster and Preissner did the same, but then Kindbom hit again to make it 39-37 Coast Guard at the intermission.

The closest Trinity got after that was 40-41 early in the second half. The Cadets pulled to a 48-40 bulge with Gary Erikson scoring two goals. From then on the lead fluctuated between three and eight points. Halfway through the period it stood at 62-47.

Both teams got wilder and wilder as the game progressed, passing and shooting badly. Roberts and Preissner tried to get the Bantams to click, but Dewitt Combs came off the visitor's bench and pushed home six points to ice the game.

Erikson was second high scorer for the winners with 18 while Preissner finished with 16.

# Fencers Gain First Success of Year; Final Epee Bouts Produce 15-12 Win

## Kramer, Lockie Go Unbeaten in Three

In a thrilling match that wasn't decided until the next to last bout the fencing team secured their first victory by beating Stevens 15 to 12. The foil team of Kramer, Lockie, and Tucker were brilliant as they won seven and lost only two bouts. Kramer and Lockie were both undefeated.

### Quick Lead Vanishes

The foil trio started the match by winning their first bouts. Victories

by Ken Lambert and Bob Perens in saber raised the score to 4-2. This was Perens' first winning day thus far this season. All three foil men won their second round. However, Stevens won all the second round saber bouts to close the gap to 7-5. Wins by Kramer and Lockie featured the last round, with Perens the lone winner in the saber. This made the score 10-8. Dick Kopp was the sole victor in the first of the epee bouts. The second round also showed only one Hill-topper win, that of Dodds. This tied the match at 12 all. Ross won his first bout to put Trin ahead again.

Then Kopp won, clinching the meet. Dodds took his final bout as the epee men won their weapon 5-4.

### Fencing

Foil: Trinity (7), Kramer 3-0, Lockie 3-0, Tucker 1-2; Stevens (2), Scheffer 1-2, Mestanos 0-3, Win 1-2. Saber: Trinity (3), Lambert 1-2, Perens 2-1, Doherty 0-3; Stevens (6), Win, J. 2-1, Ritzan 2-1, Ercole 2-1. Epee: Trinity (5), Kopp 2-1, Dodds 2-1, Ross 1-2; Stevens (4), Sackissian 0-3, Gilme 2-1, Hasko 2-1.

### LEGISLATURE . . .

(Continued from page 3)

The important work takes place in committees; (2) personality attacks should be avoided; (3) never make a speech that is too long; (4) avoid getting bogged down in parliamentary procedure.

The CISL adjourned late Saturday afternoon, shortly after passing the Sunday Blue Laws bill.

## Cards Triumph 7-2 Over Squash Team

In a complete reversal of form the squash team lost to Wesleyan 7-2 last Wednesday at Middletown. In their first encounter two months ago Coach Dan Jessee's charges defeated the Cardinals 5-4.

### Johnston Wins

McAllister and Johnston were the only winners as the Bantams closed out the season with a rather poor two and seven record.

McAllister won in four games while Johnston had to go the full five games before winning. Hamilton also went the route, but lost. Close, Harlow, and Craig were only able to salvage one game each, while Jewett, Baker, and McCrea were beaten in 3 games.

### Frosh Triumph

The freshman picture was a much brighter one, as they beat the Cardinal frosh 8-1 and Williston 3-2 during the past week, to close out a very successful five and two season. The final record shows two wins over Wesleyan and one over Amherst. Their only losses were to Deerfield and Choate, both by 6-1 scores.

## Coast Guard Bows To Swimmers 54-30

Last Tuesday the swimming team beat the Coast Guard Academy 54-30. The Cadets were able to salvage only three first places.

Kev Logan turned in a sparkling 2:31.5 to cop the 200-yard breaststroke. This chopped five full seconds off the pool record. He finished two laps ahead of Trin's Joe Spatt, who placed second.

The Blue and Gold took the medley relay with the team of Crilly, Logan, and Campbell. Holmstrom won the 220 with Zimmerman placing third. In the 60 Shannon and Vars finished one-two. Scott and Hall finished first and third respectively in the individual to give Trinity a 25-7 lead.

Barnewall beat teammate Boss in the diving with 65 points. Stuart garnered the first win for the home team when he took the 100-yard freestyle. Morley was third. Abarbanell of the Cadets won the backstroke beating Crilly and McGill. The 440 saw Scott and Burbank take top honors to close out Trin's scoring. The freestyle relay went to Coast Guard.

BY BILL MORRISON

Grantland Rice once wrote, "When the One Great Scorer comes to mark against your name, He writes—not that you won or lost But how you played the game." It has also been said that it is just as hard to be a good winner as to be a good loser. These are two of the most desired characteristics for a person in the sports world.

### Art's Our Man

We, here at Trinity, are lucky to have a man that has both of these virtues. Art Christ, Head Coach of the varsity swimming team, has demonstrated this year that he is not only a good winner, but also knows "How to play the game."

The swimming schedule this year showed two tough meets and six rather easy ones. In the hard meets, Springfield and Amherst, he had to pull out all the stops. They almost beat the champion Springfield team in a meet that wasn't decided until the next to last race. The final score of 46-38 was a true measure of the merits of the teams. Against Amherst an injury riddled team fell 55-24.

### Two for One

It was against the weaker teams that Christ's good sportsmanship really showed. He used second stringers much of the time. By doing this he "killed two birds with one stone". First, he gave every man on the squad a chance to swim in competition. Some of these had little hope to swim, much less letter, as some now will. Secondly, by keeping the score down he keeps up the good relations that Trinity has with other schools.

On February 19 the tankmen beat Worcester Tech 61-21. Christ used second stringers in six races with his number one diver not competing but judging that event. Had Art used only his best men the score would have been 76-8, a perfect score, but only 13 men would have swum instead of the whole squad swimming. M.I.T. would have fallen 74-10 instead of the 62-22 beating that they took. Bowdoin's defeat of 54-28 could have been 72-12 if Christ had wanted to lay it on for nobody's good. Tufts and Coast Guard would have been defeated by much larger scores, had we swum our best men. All these teams were given a break, as were our own second string by Christ.

To Art Christ, then, a hearty thanks for playing the game right.

An ice-skater fella named Ken  
Tasted Schaefer one evening and then  
He skated and wrote,  
"Perfect flavor"—unquote—  
Again and again and again!

With Schaefer, you get the one difference in beers today  
that really matters: flavor. Schaefer has an exciting, satisfying  
flavor that's all its own. And remember, flavor has no calories.

## For real enjoyment—real beer!

You get two full glasses in the half-quart Schaefer can—all real beer! Try it!

THE F. & M. SCHAEFER BREWING CO., N.Y.

# Duff Sparks D. Phi with Twenty Points Over S. N.

## Jayvees Stomp 3 More Rivals

This past week saw the rejuvenated Jayvee quintet sweep past three more opponents in grand style to wind up their season with a very respectable 10-3 record. They beat the Frosh 72-45, Trinity Church 93-72, and St. Thomas 85-78.

### Crusberg and Hoyer

Walt Crusberg and Eddie Hoyer each registered eighteen in the Frosh game as the victors avenged an earlier defeat. They led by 18 at halftime and steadily increased it.

Trinity Church was simply out-classed as they trailed throughout and by as much as 31 points at one time. Crusberg, Hoyer, and Kelleher garnered 68 markers amongst them.

### Final Surge Wins

By far the best of the three games was that with St. Thomas. The J.V. club led by two at the half and then settled into a tooth and nail battle in the second half. Crusberg, Kelleher, and Stout led the attack that allowed their mates to pull away to victory.

## Strong Second Half Decisive

In the preliminary to the varsity contest with Providence, a smooth and confident Delta Phi team soundly thrashed Sigma Nu 62-33. Don Duff of the victors netted 20 points to cop scoring honors.

The first half was a low scoring affair in which both teams were cautious. Sigma Nu used the strong rebounding of Lou Magelaner and Doug Raynard to their advantage while Duff meshed eight points to keep his mates in the fray. At the half the teams were all tied up at 20-20.

As close as the game had been in the first half, it was a complete run-away in the second. With Duff hitting on six for six from the floor and Leo Barnes and Bob Davis giving strong support, the victors made a farce of the game. Art O'Connell's ball handling was also a vital cog in the victors' offensive machine.

Delta Phi took advantage of their speed and shooting to completely bewilder their heavier and slower foes. Magelaner and Raynard rebounded well, but neither could come up with their usual scoring punch.

High scoring Don Duff of Delta Phi is caught passing off to Leo Barnes on a play that netted two points.

## STEP RIGHT UP FOR LUCKY DROODLES!

**WHAT'S THIS?** For solution see paragraph below. Droodle suggested by Robert Bardole, University of Florida.

**ENJOY YOURSELF** to the hilt whenever you smoke. Simply light up a Lucky and get Luckies' famous better taste. Luckies taste better for good reasons. First of all, Lucky Strike means fine tobacco. Then, that tobacco is toasted to taste better. "It's Toasted"—the famous Lucky Strike process—tones up Luckies' light, mild, good-tasting tobacco to make it taste even better. Now for the Droodle above, titled: Better-tasting Lucky smoke puffed by modern sculptor. Make a monumental discovery. Next time you buy cigarettes, try the better-tasting cigarette . . . Lucky Strike.
